State Density Bonus Law

- Cities and Counties are required to grant a density bonus and other incentives or concessions to any housing project with at least five housing units that provides a minimum number of permanently affordable housing units.
- Project seeks two concessions to reduce site development standards/design requirements
 - Reduced parking
 - Multi-Family Objective Design Standard 3.1(E) Building Form and Massing (exception to minimum building offset)

Environmental Review

- The project is covered under the SCS Dublin Environmental Impact Report (EIR) for which environmental impacts were analyzed
- Subject to the SCS Dublin Mitigation Monitoring and Reporting Program and will need to mitigate for impacts related air quality, biological resources, cultural and tribal resources, geology and soils, noise, and transportation.
